PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on project experience building responsive, scalable web applications using Java, Spring Boot, Hibernate (JPA), React.js, MySQL, and RESTful APIs. Skilled in object-oriented programming, MVC architecture, database design, and secure authentication (JWT, Spring Security). Adept at writing clean, maintainable code and collaborating in Agile teams; quick learner eager to contribute to enterprise-grade software development.

TECHNICAL SKILLS

Programming Languages: Java (Core & Advanced), JavaScript, SQL

Frontend Development: HTML5, CSS3, JavaScript, React.js, Bootstrap 5

Backend Development: Spring Boot, Spring MVC, Spring Security, Spring Data JPA (Hibernate), RESTful APIs

Database: MySQL

Tools & Platforms: Git, GitHub, Maven, Postman

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), MVC Architecture, JWT Authentication, CRUD Operations

PROJECT EXPERIENCE

Employee Management System | Java Full Stack Web Application

Technologies: Java 21, Spring Boot, Spring Security, JWT, Hibernate, MySQL, React.js, Bootstrap, REST APIs, Git

- Developed a full-stack Employee Management System with secure, role-based authentication for Admin and Employee user roles using Spring Security and JWT.
- Designed and implemented RESTful APIs for employee, department, attendance, leave, and salary management using Spring Boot and Hibernate (JPA).
- Built a responsive React.js frontend integrated with MySQL, enabling efficient data entry, retrieval, and management across modules.
- Implemented CRUD operations, form validation, keyword search, and pagination following the MVC architecture to improve usability and performance.
- Followed Git version control practices for source code management and collaborative development.

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT)

Ek Nath B. Madhavi Senior College of Arts, Science & Commerce | Graduated 2024 | CGPA: 7.43/10

Higher Secondary Certificate (HSC) – State Board

Ek Nath B. Madhavi Senior College of Arts, Science & Commerce

Secondary School Certificate (SSC) – State Board

Swami Vivekanand Vidya Mandir

CERTIFICATION

Master in Full Stack Web Development — IT Vedant Education Pvt. Ltd.

Coursework: Core Java, Advanced Java, Spring Boot, Spring MVC, Hibernate (JPA), MySQL, React.js, HTML5, CSS3, JavaScript, REST APIs, Git, GitHub.

SOFT SKILLS

Problem Solving | Team Collaboration | Communication | Time Management | Quick Learner

Languages: English, Hindi, Marathi
